2.0 Audit Process

2.1 Audit Objectives

The objectives of the audit are to verify the management system conforms with all the requirements of the MSPO standards and that the organization has effectively implemented the planned MSPO management system as well as to check if the management system can achieve the organization's policy objectives.

2.2 Audit Methodology

The MSPO initial certification audit was done in two stages – Stage 1 and Stage 2. For Ladang Yong, Stage 1 audit was conducted on 10 December 2019 and Stage 2 on 03 February 2020 at the estate in Alor Gajah, Melaka. Stage 1 Audit was conducted mainly to review documents and to check area of concerns as to see how ready the mill is to go for Stage 2. During Stage 2 Audit, the audit team had visited the estate to check facilities and structures available such as site office, workers' quarter and storage area. The team also did site inspections to see the operational site of the estate such as road maintenance, terracing on steep areas, cover crop maintenance, any natural stream or waterway, block maintenance (spraying, manuring and fronts stacking) as well as the estate boundary to verify the implementation of the MSPO (MS2530-3:2013) Part 3: General Principles for Oil Palm Plantations and Organized Smallholders. Interviews were carried out with the team management, employees, contractors and other relevant stakeholders. Documents and records verification was also done to further support and validate findings from Stage 1 audit.

The methodology for collecting objective evidences are physical site inspection, observation of tasks and processes, interviews with management, employees and workers, consultations with contractors and stakeholders as well as documents review and data monitoring. The audit evidences obtained were based on samples of information available; thereby introduces the element of uncertainty.

The actual date of the annual surveillance audit will be discussed and decided 3 months prior to the month of planned audit.

3.0 Summary of Audit Result

3.1 Non-Conformity Report (NCR) Raised

Details of collected evidences and findings of the audit are presented in a separate MSPO checklist. The result for each of the MSPO requirements (indicators) from all operational areas were evaluated to provide an assessment of conformity. A finding statement is made available for each indicator in order to support the assessment findings.

Major NCR(s)	0
Minor NCR(s)	0
Observation for Improvement (OFI)	1

- ☐ Minor NCR(s) - Corrective Action Plan has been accepted and reviewed. Verification of the corrective action plan implementation will be carried out in Year 2 Surveillance Audit.
- ☐ Major NCR(s) - Evidence of implementation of the corrective actions have been provided and accepted by the audit team. The corrective action implemented reviewed to be satisfactory to close out the NCR(s).
- ☒ OFI(s) - Improvement done on the affected aspect will be verified in the Year 2 Surveillance Audit.

3.2 Audit Conclusion

The management system demonstrated conformity with the requirements of the MSPO (MS2530-3:2013) Part 3: General Principles for Oil Palm Plantations and Organized Smallholders and has provided a satisfactorily sufficient structure to support implementation and maintenance of the management system. Therefore, Lead Auditor has recommended that MSPO Certification be granted to Ladang Yong.
