2.0 Audit Process

2.1 Audit Objectives

The objectives of the audit are to verify the management system conforms with all the requirements of the MSPO standards and that the organization has effectively implemented the planned MSPO management system as well as to check if the management system can achieve the organization's policy objectives.

2.2 Audit Methodology

The MSPO initial certification audit Stage 2 was conducted on 29th & 30th March 2019 and Annual Surveillance Audit Year 1 (ASA-1) on 15th December 2020 at the estate in Kuala Langat, Selangor. In both audits,

the audit team did a site visit to check facilities and structures available in the estate such as site office, workers' quarter and storage area. The team also did inspections to see the operational site of the estate such as road maintenance, terracing on steep areas, cover crop maintenance, any natural stream or waterway, block maintenance (spraying, manuring and fronts stacking) as well as the estate boundary to verify the implementation of the MSPO (MS2530-3:2013) Part 3: General Principles for Oil Palm Plantations and Organized Smallholders. Interviews were carried out with the team management, employees, contractors and other relevant stakeholders. Documents and records verification was also done to further support and validate findings from initial year audit. The methodology for collecting objective evidences is physical site inspection, observation of tasks and processes, interviews with management, employees and workers, consultations with contractors and stakeholders as well as documents review and data monitoring. The audit evidences obtained were based on samples of information available; thereby introduces the element of uncertainty.

Audit Team

Audit Member	Role/Area Covered	Education/Qualification/Works Experience
Edwell James Ghani	Lead Auditor Principle 1 & 6 (Management, environmental aspects and best practices)	- BEng (Hons) Chemical Engineering (UTP) major in HSE. - RSPO auditor since 2017 - Certified MSPO Lead Auditor - OSH Management System ISO 45001:2018 lead auditor in 2019 (NIOSH Certification & CQI IRCA). 6 years of experience in oil palm industries focusing on RSPO certification.

2.3 Stakeholder Consultation

Stakeholder consultation was initiated with the announcement in the ECCO's website on 16 November 2020. This was then followed with sending letters to relevant stakeholders requesting for input (if any) regarding the company. There were no comments received during this process. Generally, no complaint or suggestion was received from all the parties that were interviewed and consulted. All feedbacks and comments received were positive.

2.4 Audit Plan

MSPO Initial Certification Audit	Year 1 Surveillance Audit	Year 2 Surveillance Audit	Year 3 Surveillance Audit	Year 4 Surveillance Audit
Stage 1 – Stage 2 –29&30/03/2020	15/12/2020	12/2021	12/2022	12/2023

The actual date of the annual surveillance audit will be discussed and decided 3 months prior to the month of planned audit.

3.0 Summary of Audit Result

3.1 Non-Conformity Report (NCR) Raised

Details of collected evidences and findings of the audit are presented in a separate MSPO checklist. The result for each of the MSPO requirements (indicators) from all operational areas were evaluated to provide an assessment of conformity. A finding statement is made available for each indicator in order to support the assessment findings.

Major NCR(s)	0
Minor NCR(s)	0
Observation for Improvement (OFI)	1

- ☐ Minor NCR(s) - Corrective Action Plan has been accepted and reviewed. Verification of the corrective action plan implementation will be carried out in Year 2 Surveillance Audit.
- ☐ Major NCR(s) - Evidence of implementation of the corrective actions have been provided and accepted by the audit team. The corrective action implemented reviewed to be satisfactory to close out the NCR(s).
- ☒ OFI(s) - Improvement done on the affected aspect will be verified in the Year 2 Surveillance Audit.

3.2 Audit Conclusion

The management system demonstrated conformity with the requirements of the MSPO (MS2530-3:2013) Part 3: General Principles for Oil Palm Plantations and Organized Smallholders and has provided a satisfactorily sufficient structure to support implementation and maintenance of the management system. Therefore, Lead Auditor has recommended that MSPO Certification be granted to Banting Hock Hin Estate.
