AUDIT METHODOLOGY	
Audit Objectives	- To confirm the client's management system conformation with the audit standard requirement and its implementation - To verify the effectiveness of Corrective Action implemented to close any Non-Conformity (NC) raised during the previous audit (Initial Certification Audit) in 2019 - To make appropriate recommendations based on the audit findings
Certification Standard	MSPO (MS2530-4:2013) - Part 4: General Principles for Palm Oil Mills
Certification Type	Individual (Palm Oil Mill)
Audit Methodology	The methodology for collecting objective evidences are physical site inspection, observation of tasks and processes, interviews with management, employees and workers, consultations with contractors and stakeholders as well as documents review and data monitoring. The audit evidences obtained were based on samples of information available; thereby introduces the element of uncertainty.
Calculation of Sample Size	Sampling is not applicable for individual audit
Audit Date	09 December 2020
Participants	Refer to Appendix E: Participants Attendance List
Deviation from Audit Plan	None
Issues affecting the Audit Program	None
Changes to Management System since last audit	None
Unresolved issues	None

AUDIT FINDINGS SUMMARY AND RECOMMENDATION

AUDIT FINDINGS SUMMARY

Major Non-Conformities (NC)	0
Minor Non-Conformities (NC)	5
Observation for Improvement (OFI)	1

Refer to **APPENDIX B: Details of Non-Conformities (NC) and Corrective Actions**

PREVIOUS AUDIT RESULT (IF APPLICABLE)

No. of Non-Conformity (NC) raised from the previous audit	MSPO Initial Certification Audit (Stage 2) 2 Observations
The audit team has reviewed the result from the previous audit (MSPO Initial Certification Audit) and verified the effectiveness of the closing of any Non-Conformity (NC) raised. As a conclusion:	
☒	All Non-Conformities raised during the previous audit has been corrected and Corrective Action or Corrective Action Plan has been carried out and implemented effectively
☐	The management system has not adequately addressed Non-Conformity (NC) raised during the previous audit and the specific issue has been re-defined in this report.

Refer to **APPENDIX C: Status of Non-Conformities (NC) Raised in the Previous Audit**

STAKEHOLDER CONSULTATION

Issues raised by Stakeholders	Refer to APPENDIX F: Stakeholders Consultation Findings
Summary	All positive comments

AUDIT CONCLUSION AND RECOMMENDATION

The audit objectives have been achieved and the certificate scope remains appropriate. Based on the audit findings the audit team concluded that:

- The management system documentation demonstrated conformity with the requirements of the audit standard and provided sufficient structure to support implementation and maintenance of the management system
- The management system is in line with the requirements of the standard and demonstrated the ability of the system to systematically achieve agreed requirements for products or services within the scope and the organization's policies and objectives.
- All Non-Conformities raised during the previous audit has been corrected and Corrective Action or Corrective Action Plan has been carried out and implemented effectively
- There was no complaint received during the field assessment and during interview with the external stakeholders.
- Throughout the audit process, the management system demonstrated overall conformance with the requirements of the audit standard.

Therefore, the audit team recommends that, based on the results of this audit and the organization commitment towards complying with **MSPO (MS2530-4:2013) - Part 4: General Principles for Palm Oil Mills**, management system certification be continued for **Southern Keratong Plantations Sdn Bhd - Bukit Berembun Palm Oil Mill**.
